

Young Adult Books Permission Form

Academies of Discovery at South Hall classrooms and Learning Commons hold many resources for all different purposes and needs. Some of the resources have Young Adult content (drugs, alcohol, profanity, romantic situations, serious social situations, etc.). We make every effort to identify these books with a Young Adult sticker.

Our policy allows 8th graders to check out Young Adult books. 7th graders are only able to check out Young Adult books if they have parental permission. 6th graders are NOT allowed to check out Young Adult books.

Your 7th grade child has expressed an interest in checking out YA books. We encourage parents to determine the appropriate topic-level for their student. Parents are welcome to visit the Learning Commons to review specific titles. If you prefer to review your child's reading materials prior to check out, please indicate that below. Please complete and return to the Learning Commons or ELA teacher.

I prefer to approve individual young adult titles. I would like to individually choose specific titles my student can read.

My student can read ALL young adult titles.

My student may NOT read young adult titles.
